Your Sponsorship Touches Thousands Of Lives

Life-saving, life-changing health care
Since April 1997, the Shriners regional pediatric medical center in Sacramento has made dreams come true for children and families faced with orthopedic conditions, spinal-cord injuries and burns. Private donations help to assure that Shriners Hospitals for Children-Northern California is able to deliver highly specialized, multi-disciplinary pediatric health care to more than 25,000 children annually without regard for a family's ability to pay.

Experience automotive evolution
The California Automobile Museum provides a history tour on wheels featuring more than 150 vehicles, many of them privately owned, that range from the earliest models of the 20th century to prototypes of alternative energy for today. There are cars - and memories - for everyone, from the Model T and tailfins to the Brass Era or the speed of racing. The Museum houses an extensive research library and offers classes on every topic automotive.

Shriners Hospitals for Children-Northern California and the California Automobile Museum gratefully acknowledge our region's generous business community for their commitment to our unique missions through sponsorship of the Capitol Concours d'Elegance.
